About Our Work

Support Through Sport delivers sport-based intervention, mentoring, and progressions programmes to thousands of disadvantaged young people, empowering them to develop pro-social behaviours and providing a lasting positive impact within underserved communities.

The organisation works to a Theory of Change which ultimately provides at-risk young people with protective factors, diverting them away from negative influences such as youth offending, ASB, violence, gang culture and knife crime. Through an innovative, youth-led approach, Support Through Sport harnesses the power of sport to empower disadvantaged youth and create safer communities, where young people can thrive.

Our Mission

ENGAGE

We work at the intersection of sport and youth work, enabling excellent engagement combined with meaningful support for disadvantaged young people. Reaching underserved and underrepresented communities which are likely to face additional barriers, our engagement is a core strategic component and lays the foundation for our impactful work. Coupling a youth-led and sport-based approach, whilst valuing lived experience, our ability to engage with those identified as 'hard to reach' is uniquely powerful.

EMPOWER

Young people are at the heart of our organisation, empowering our younger generation to make a difference within their communities and make an impact at decision making levels. Ensuring that the voices of our young people are both heard and listened to, is of massive importance to us. We believe that through safe and inclusive spaces, meaningful relationships and an honest passion for helping our younger generations, we can help every young person to achieve their full potential.

ERADICATE

At Support Through Sport, we have seen first hand the perils of negative influences and the destructive divide they create in our most disadvantaged communities. Our theory of change directly outlines how our sport plus approach can have such a life-changing impact for young people at-risk. As a collective, we will continue to be our best, doing all that we can to tackle these issues within our most vulnerable communities.

Our Ethos

We are Support Through Sport, an ambitious and passionate team with a commitment to equity, diversity and inclusion.

We strive to create an environment for prosperity and growth, in the belief that building a better future for our communities and young people, starts within.

Through our unique approach and an unparalleled work ethic, we will continue to drive forward meaningful change for generations to come!
